PROGRAM

Dear Colleagues,

It is our great pleasure to invite you to the next edition of the IBD FORUM on June 11, 2024. The IBD FORUM is an interactive educational format, where clinical situations from your everyday practice will be discussed by experts and the current data on them will be presented in lectures. We invite you to take the opportunity to contribute your own cases from your everyday practice.

We are pleased to have as guest speaker on June 11, 2024 Prof. Laurent Peyrin-Biroulet from France eluting on «Advanced therapies in IBD – towards a new sequence».

Please also mark your agenda on November 5, 2024, for the 2nd IBD FORUM in 2024, focusing on the topic «How to treat when the inflammation is under control?».

We are delighted to have you join us for this interactive, practice-orientated training course!

Kind regards,
