

GUEST SPEAKER

46TH IBD FORUM ZURICH

Seeing is believing:
Monitoring on the highway to heal

Prof. Dr. Bram Verstockt

JUNE 23, 2026

19.00–20.40

ZUNFTHAUS
ZUR ZIMMERLEUTEN

In collaboration with **SGG55G**

Dear Colleagues,

We are pleased to invite you to the next edition of the **IBD FORUM**, taking place on **June 23, 2026**. The IBD FORUM is an interactive, practice-oriented educational format where real-life clinical cases are discussed together with leading experts. Latest clinical data and evolving treatment strategies are integrated into focused lectures and interactive case discussions and participants are encouraged to contribute their own cases and questions.

We are delighted to welcome **Professor Bram Verstockt** from the University Hospitals Leuven, Belgium, as our guest speaker. He will present the latest developments in IBD and translate recent therapeutic advances into practical, patient-focused perspectives, with particular emphasis on the role of intestinal ultrasound and proactive patient monitoring.

This session offers an excellent opportunity for open discussion and **direct interaction** with an international leader in the field. We look forward to welcoming you to this interactive educational event.

Kind regards,

Gerhard Rogler
Universitätsspital Zürich

Bernhard Sauter
Gastrozentrum Klinik Hirslanden

Luc Biedermann
Universitätsspital Zürich

Stephan Vavricka
Zentrum für Gastroenterologie
und Hepatologie Zürich

Pascal Frei
Gastroenterologie Bethanien

Case Presentations

Do you have difficult therapeutic cases you would like to discuss with the experts?
Please contact us via events@ibdnet.ch or address your case directly
at the IBD FORUM.

Please also **save the date** for the 47th IBD FORUM on
November 3, 2026, which will once again welcome a
renowned international expert in the field of IBD.
